Puppy Kindergarten Classes at Greenville Veterinary Clinic

Puppy kindergarten is an introduction to socialization and elementary training of the young puppy. It is intended for puppies 8-16 weeks of age. Classes are limited in size, thereby maximizing benefit to participants. Puppies receive socialization experiences with other dogs and handlers. Basic subjects such as crate training, housebreaking, and grooming care are discussed. Training for critical commands such as sit, down, recall, and walking on a leash are worked on at each class. In addition, the commands; leave it, wait, and give it, are introduced.

Cost of the class is \$25 for a four- week session. Class meets once weekly for four consecutive weeks, and sessions last one hour. Any family member over the age of eight may be designated as the primary handler, but an additional interested family member is welcome to attend. Items needed for class include buckle collar and leash, grooming brush, training treats, and a toy for play time.

To register, complete the form below, and return to Greenville Veterinary Clinic. We will contact you with the starting date of the next class. Once your spot in a scheduled class is confirmed, payment of \$25 is due within 10 days. If payment is not received in ten days, the held spot will be offered to another puppy.

Puppy Kindergarten Registration Form

Client Name _____

Address _____

Daytime Phone (____) _____ Evening Phone (____) _____

E-mail Address _____ Primary Handler's Name _____

Puppy's Name _____ Breed _____

Sex _____ Age _____ Where Acquired _____

Puppy must be current on vaccinations against Distemper, Hepatitis, Leptospirosis, Parainfluenza, and Parvovirus. In addition puppy must have had a negative fecal examination or been dewormed by a veterinarian. Puppy should be on monthly heartworm preventative. If any of these preventative health procedures have been performed at a clinic other than Greenville Veterinary Clinic, please attach a vaccination certificate to registration form.
